

X-Ray Policy

X-Rays are required to diagnose treatment by Dr. Williams. If you did not bring current x-rays that are clear and readable (minimum 4 bitewings, no older than 1 year and panoramic/full mouth, no older than 3 years) new x-rays will be taken in this office on your first visit.

The cost of x-rays is your responsibility if not covered by your insurance for any reason!

Emergency patients only; A minimum of one x-ray (possibly more) as determined by Dr. Williams is usually required.

Please check one:

I brought the required x-rays with me _____

I will have new x-rays taken _____

Patient Name/Responsible Party _____

Signature _____

Date _____
